

7.8

Creativity: you are able to adequately produce ideas independently and purposefully experimenting with a range of media and techniques.

Practical Skills: drawings convincingly show accuracy with line and shape whilst tonal range in shading clearly suggests form. Use of other media shows a clear level of control and understanding, relevant to intentions.

Analysis: written comments about the work of others, and that of your own, adequately show detailed appreciation of what it is, how it was made and why.

Presentation: Work is neatly presented in order.

7.7

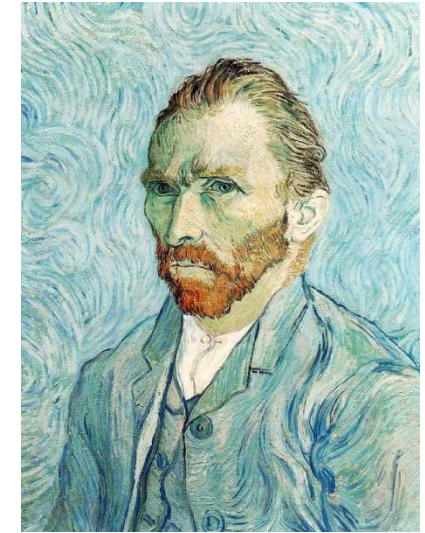

Creativity: you are clearly able to produce ideas with independence and experiment with a range of media and techniques.

Practical Skills: drawings clearly show accuracy in line and shape, with some use of tonal shading to suggest form. Use of other media shows a convincing level of control and understanding, relevant to intentions.

Analysis: written comments about the work of others, and that of your own, convincingly show an understanding of what it is, how it was made and why.

7.6

Creativity: you are adequately able to produce ideas with growing independence and experiment with a range of media and techniques.

Practical Skills: drawings just show accuracy in line and shape, with some use of tonal shading to suggest form. Use of other media shows an adequate level of control and understanding, relevant to intentions.

Analysis: written comments about the work of others, and that of your own, adequately show an understanding of what it is, how it was made and why.

7.5

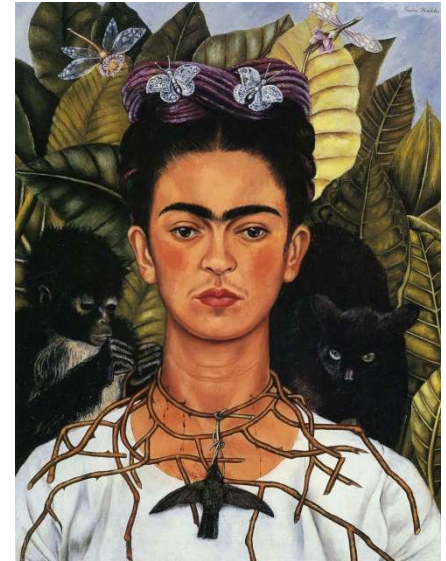

Creativity: you are clearly able to produce ideas and experiment with media and techniques.

Practical Skills: drawings show a convincing development with accuracy in line and shape. Use of other media clearly shows some level of control and understanding.

Analysis: written comments about the work of others, and that of your own, clearly show understanding of what it is and how it was made.

7.4

Creativity: Ideas produced in the sketchbook clearly show some variety of experimentation with artistic media.

Practical Skills: Drawings clearly show developing control of line and shape. Use of other media clearly shows emerging skill.

Analysis: Written comments about your own work, and that of others, clearly show a more detailed use of 'Who, What, How' thinking.

7.3

Creativity: Ideas in the sketchbook adequately show emerging experimentation with artistic media.

Practical Skills: Drawings adequately show basic evidence of line and shape. Use of other media shows an emerging level of control.

Analysis: Written comments about your own work, and that of others, show some use of 'Who, What, How' thinking.

7.2

Creativity: Some ideas are clearly evident and your sketchbook shows a limited use of artistic media.

Practical Skills: Drawings clearly show basic evidence of line and shape.

Analysis: Written comments clearly show a limited understanding of skills and artistic sources.
