caters for a wide range of ski abilities, from complete beginners through to advanced skiers, allowing all students to progress and enjoy their time on the slopes.

Sestriere is a high-altitude resort (2,035m) located in the Piedmont region of Italy. It was one of the host resorts for the 2006 Winter Olympics and sits at the heart of the Via Lattea (Milky Way) ski area, offering access to around 400km of ski runs. The altitude provides reliable snow conditions and a wide range of terrain, particularly well-suited to developing and intermediate skiers.

Students will stay at the Hotel Uappala, located in the centre of the resort with excellent and convenient access to the ski slopes. This provides a comfortable and safe base for the week while allowing students to make the most of their time on the mountain.

A deposit must be paid by **Friday, 10 April** via the School Gateway in order to secure your child's place on the trip. **Initial Deposit is £200**

Please note that the final price may fluctuate slightly depending on overall student numbers. Once we have confirmation of numbers with our tour operator, we will be able to confirm the final cost.

This trip is open to students across all year groups.

If the trip becomes oversubscribed, we will first explore whether it is possible to increase the number of places with our tour operator. If this is not possible, places will be allocated through a random ballot to ensure the process is fair for all students. Should your child be unsuccessful in securing a place, the deposit payment made will be fully refunded at the start of the new term. If your child is successful and later decides to pull out of the trip, we are not able to offer any refund.

What the Price Includes

- Coach travel from school to the airport
- Return flights to Italy
